regulation issued under section 70034 or any other applicable law or treaty;

- (2) the Secretary determines such vessel does not satisfy the conditions for port entry set forth in section 70021 or 70022 of this title; or
- (3) by reason of weather, visibility, sea conditions, port congestion, other hazardous circumstances, or the condition of such vessel, the Secretary is satisfied such direction is justified in the interest of safety.

(Added Pub. L. 115–282, title IV, §401(a), Dec. 4, 2018, 132 Stat. 4255; amended Pub. L. 116–283, div. G, title LVXXXV [LXXXV], §8508(2)(A), Jan. 1, 2021, 134 Stat. 4755.)

AMENDMENTS

 $2021\mathrm{-Par.}$ (2). Pub. L. 116–283 inserted ''or 70022'' after ''section 70021''.

§ 70003. Port access routes

- (a) AUTHORITY TO DESIGNATE.—Except as provided in subsection (b) and subject to the requirements of subsection (c), in order to provide safe access routes for the movement of vessel traffic proceeding to or from ports or places subject to the jurisdiction of the United States, the Secretary shall designate necessary fairways and traffic separation schemes for vessels operating in the territorial sea of the United States and in high seas approaches, outside the territorial sea, to such ports or places. Such a designation shall recognize, within the designated area, the paramount right of navigation over all other uses.
 - (b) LIMITATION.—
 - (1) IN GENERAL.—No designation may be made by the Secretary under this section if—
 - (A) the Secretary determines such a designation, as implemented, would deprive any person of the effective exercise of a right granted by a lease or permit executed or issued under other applicable provisions of law; and
 - (B) such right has become vested before the time of publication of the notice required by paragraph (1) of subsection (c).
 - (2) Consultation required.—The Secretary shall make the determination under paragraph (1)(A) after consultation with the head of the agency responsible for executing the lease or issuing the permit.
- (c) Consideration of Other Uses.—Before making a designation under subsection (a), and in accordance with the requirements of section 70004, the Secretary shall—
 - (1) undertake a study of the potential traffic density and the need for safe access routes for vessels in any area for which fairways or traffic separation schemes are proposed or that may otherwise be considered and publish notice of such undertaking in the Federal Register;
 - (2) in consultation with the Secretary of State, the Secretary of the Interior, the Secretary of Commerce, the Secretary of the Army, and the Governors of affected States, as their responsibilities may require, take into

- account all other uses of the area under consideration, including, as appropriate, the exploration for, or exploitation of, oil, gas, or other mineral resources, the construction or operation of deepwater ports or other structures on or above the seabed or subsoil of the submerged lands or the Outer Continental Shelf of the United States, the establishment or operation of marine or estuarine sanctuaries, and activities involving recreational or commercial fishing; and
- (3) to the extent practicable, reconcile the need for safe access routes with the needs of all other reasonable uses of the area involved.
- (d) STUDY.—In carrying out the Secretary's responsibilities under subsection (c), the Secretary shall—
 - (1) proceed expeditiously to complete any study undertaken; and
 - (2) after completion of such a study, promptly—
 - (A) issue a notice of proposed rulemaking for the designation contemplated; or
 - (B) publish in the Federal Register a notice that no designation is contemplated as a result of the study and the reason for such determination.
- (e) IMPLEMENTATION OF DESIGNATION.—In connection with a designation made under this section, the Secretary—
 - (1) shall issue reasonable rules and regulations governing the use of such designated areas, including rules and regulations regarding the applicability of rules 9 and 10 of the International Regulations for Preventing Collisions at Sea, 1972, relating to narrow channels and traffic separation schemes, respectively, in waters where such regulations apply;
 - (2) to the extent that the Secretary finds reasonable and necessary to effectuate the purposes of the designation, make the use of designated fairways and traffic separation schemes mandatory for specific types and sizes of vessels, foreign and domestic, operating in the territorial sea of the United States and for specific types and sizes of vessels of the United States operating on the high seas beyond the territorial sea of the United States:
 - (3) may, from time to time, as necessary, adjust the location or limits of designated fairways or traffic separation schemes in order to accommodate the needs of other uses that cannot be reasonably accommodated otherwise, except that such an adjustment may not, in the judgment of the Secretary, unacceptably adversely affect the purpose for which the existing designation was made and the need for which continues; and
 - (4) shall, through appropriate channels—
 - (A) notify cognizant international organizations of any designation, or adjustment thereof; and
 - (B) take action to seek the cooperation of foreign States in making it mandatory for vessels under their control to use, to the same extent as required by the Secretary for vessels of the United States, any fairway or traffic separation scheme designated under this section in any area of the high seas.

(Added Pub. L. 115–282, title IV, $\S401(a)$, Dec. 4, 2018, 132 Stat. 4255.)

Editorial Notes

References in Text

The International Regulations for Preventing Collisions at Sea, 1972, referred to in subsec. (e)(1), came into effect pursuant to the Convention on the International Regulations for Preventing Collisions at Sea, 1972. See International Regulations for Preventing Collisions at Sea, 1972 note under section 1602 of Title 33, Navigation and Navigable Waters.

§ 70004. Considerations by Secretary

In carrying out the duties of the Secretary under sections 70001, 70002, and 70003, the Secretary shall— $\,$

- (1) take into account all relevant factors concerning navigation and vessel safety, protection of the marine environment, and the safety and security of United States ports and waterways, including—
 - (A) the scope and degree of the risk or hazard involved:
 - (B) vessel traffic characteristics and trends, including traffic volume, the sizes and types of vessels involved, potential interference with the flow of commercial traffic, the presence of any unusual cargoes, and other similar factors;
 - (C) port and waterway configurations and variations in local conditions of geography, climate, and other similar factors:
 - (D) the need for granting exemptions for the installation and use of equipment or devices for use with vessel traffic services for certain classes of small vessels, such as selfpropelled fishing vessels and recreational vessels;
 - (E) the proximity of fishing grounds, oil and gas drilling and production operations, or any other potential or actual conflicting activity;
 - (F) environmental factors;
 - (G) economic impact and effects;
 - (H) existing vessel traffic services; and
 - (I) local practices and customs, including voluntary arrangements and agreements within the maritime community; and
- (2) at the earliest possible time, consult with and receive and consider the views of representatives of the maritime community, ports and harbor authorities or associations, environmental groups, and other persons who may be affected by the proposed actions.

(Added Pub. L. 115–282, title IV, §401(a), Dec. 4, 2018, 132 Stat. 4257.)

§ 70005. International agreements

- (a) Transmittal of Regulations.—The Secretary shall transmit, via the Secretary of State, to appropriate international bodies or forums, any regulations issued under this subchapter, for consideration as international standards.
- (b) AGREEMENTS.—The President is authorized and encouraged to—
 - (1) enter into negotiations and conclude and execute agreements with neighboring nations, to establish compatible vessel standards and vessel traffic services, and to establish, operate, and maintain international vessel traffic

- services, in areas and under circumstances of mutual concern; and
- (2) enter into negotiations, through appropriate international bodies, and conclude and execute agreements to establish vessel traffic services in appropriate areas of the high seas.
- (c) OPERATIONS.—The Secretary, pursuant to any agreement negotiated under subsection (b) that is binding upon the United States in accordance with constitutional requirements, may—
 - (1) require vessels operating in an area of a vessel traffic service to utilize or to comply with the vessel traffic service, including the carrying or installation of equipment and devices as necessary for the use of the service; and
 - (2) waive, by order or regulation, the application of any United States law or regulation concerning the design, construction, operation, equipment, personnel qualifications, and manning standards for vessels operating in waters over which the United States exercises jurisdiction if such vessel is not en route to or from a United States port or place, and if vessels en route to or from a United States port or place are accorded equivalent waivers of laws and regulations of the neighboring nation, when operating in waters over which that nation exercises jurisdiction.
- (d) SHIP REPORTING SYSTEMS.—The Secretary, in cooperation with the International Maritime Organization, may implement and enforce two mandatory ship reporting systems, consistent with international law, with respect to vessels subject to such reporting systems entering the following areas of the Atlantic Ocean:
 - (1) Cape Cod Bay, Massachusetts Bay, and Great South Channel (in the area generally bounded by a line starting from a point on Cape Ann, Massachusetts at 42 deg. 39' N., 70 deg. 37' W; then northeast to 42 deg. 45' N., 70 deg. 13' W; then southeast to 42 deg. 10' N., 68 deg. 31' W, then south to 41 deg. 00' N., 68 deg. 31' W; then west to 41 deg. 00' N., 69 deg. 17' W; then northeast to 42 deg. 05' N., 70 deg. 02' W, then west to 42 deg. 04' N., 70 deg. 10' W; and then along the Massachusetts shoreline of Cape Cod Bay and Massachusetts Bay back to the point on Cape Ann at 42 deg. 39' N., 70 deg. 37' W).
 - (2) In the coastal waters of the Southeastern United States within about 25 nm along a 90 nm stretch of the Atlantic seaboard (in an area generally extending from the shoreline east to longitude 80 deg. 51.6' W with the southern and northern boundary at latitudes 30 deg. 00' N., 31 deg. 27' N., respectively).

(Added Pub. L. 115–282, title IV, \$401(a), Dec. 4, 2018, 132 Stat. 4257.)

§ 70006. Establishment by Secretary of the department in which the Coast Guard is operating of anchorage grounds and regulations generally

(a) IN GENERAL.—The Secretary of Homeland Security is authorized, empowered, and directed to define and establish anchorage grounds for vessels in all harbors, rivers, bays, and other
